[By Telegraph to the Pittsburgh Gazette.]

SAN FRANCISCO, Sept. 18.—The steamer Idaho, with a cargo of sugar, was seized by the Custom authorities for defrauding the revenue. It appears that one of the San Francisco refineries has been importing large quanities of sugar from the Sandwich Islands, adulterating it with powerful charcoal, and passing it through the Custom House as low grade sugar. The United States Consul at Honolulu ascertained the facts of the case, secured the necessary testimony here on the Idaho and laid the matter before the Revenue authorities, which resulted in the seizure of the steamer and sugar, valued at over fifty thousand dollars.

The Oregon Legislature met at Salem yesterday. There is a Democratic majority of four in the Senate and eleven in the House. Notice was given of the introduction of a bill to repeal the resolution by which the fourteenth article of the amendment to the Constitution was adopted.

The woods near San Rafael, Marion county, were on fire, and a tract of from five to six miles was burning. The inhabitants in the place were nearly stifled with smoke. This city and harbor has been wrapped in a dense volume of smoke since last evening, supposed to originate from the burning woods in Oregon. A fire covering an estimated area of two hundred square miles has been raging for several days past in that State, on both sides of the Columbia river, between the Cowl Itzenes Junction and Williamette. It is feared that the towns St. Helena and Astoria are destroyed. The destruction to timber and other property is immense.

[By Telegraph to the Pittsburgh Gazette.]

ATLANTA, GA., Sept. 18.—The House today passed the Senate relief bill by a vote of 71 to 62. Resolutions were adopted repealing the former action of the House to stay the collection of debts, declaring that collections can be made when the present relief bill receives the Governor's signature.

The Senate adopted the amendment to the tax bill, taxing foreign insurance companies one per cent. on premiums, or otherwise State companies are taxed as capital stock.

A document is circulating for signatures, irrespective of party, requesting Hon. A. H. Stevens to deliver an address on the present condition of the country. It has been signed by several members of both Houses of the Legislature. It is reported that Gov. Bullock will sign the request.

A Committee of the colored members of the Legislature, who were declared ineligible, have left for Washington to present their case to Congress.

HOW IT WAS DONE.

We direct attention to the opening lines and the last words of the annexed paragraph from the Portland *Press:*

The amount of hard work that has been done in this campaign is almost inconceivable, but to all who have labored on the side of truth and right, the result brings ample compensation, "Glory enough for one day!" The enemy is now prostrate, and will not show fight again this year. Copperheadism in all the States has received a staggering blow which will do infinite harm to the cause of Seymour, Blair and the new rebellion. Now for Pennsylvania and Ohio.

General McClernand's Blunder.

[From the Springfield (Ill.) Journal, September 3.]

There is a rumor on the street, quietly whispered around among the Copperheads, that Mr. Pendleton is very much chagrined at Gen. McClernand's publication of his private dispatch about "the condition of our canvass in Ohio." He has sent, it is said, a stinging rebuke to that gentleman for his stupidity in allowing his telegram to get into the newspapers—a thing which he never contemplated—and which has already had a most depressing effect upon the already desperate "condition" of the Ohio Democracy. Mr. George Schutt was immediately sent on as a special envoy to make the necessary explanations and apologies to Mr. Pendleton, and thereupon, in order as far as possible to repair damages, he finally consented under a sort of protest, to come to Illinois.

National Bank Figures.

A valuable statement concerning the National Banks has just been compiled from the report of all the National Banks in the country, from which the following appears: Total capital invested in National Banks, $422,804,666; taxes paid to U. S., $2,525,607; average rate tax on capital paid to United States 2¼ per cent.; taxes paid to and assessed by State authorities $8,813,127; average rate per cent. State taxation 2½; total tax paid United States and State authorities $18,338,734; rate per cent. of United States and State tax on capital 4⅛; deposited 31st December in the Treasury by National Banks, five per cent. bonds, $89,657,950; six per cent. bonds $247,763,500; six per cent. currency bonds of loan to Pacific Railroad $3,577,000.

PROMINENT Ohio politicians affirm that that State will give over 35,000 Republican majority. Vallandigham is largely colonizing Gen. Schenck's district; but the Republicans believe that they can defeat him nevertheless. Large sums of money have been sent from New York to help Vallandigham.

FURTHER WESTWARD.

[Correspondence of the Pittsburgh Gazette.]

LAWRENCE, (Kansas,) Sept. 15, 1868.

I stopped from Friday to Monday in St. Louis, having some business to transact, and then set out for Kansas, arriving here to-day at 11 A. M. The distance is 322 miles, and there are few better roads or more comfortable cars in the country than those between St. Louis and this place.

Improvements of all kinds have made good progress since I was here in 1867. This city is growing rapidly on both sides of the river, and business is brisk. Kansas City, too, is going ahead in true western fashion, and now numbers from fifteen to twenty thousand people. There is a triangle here, at each angle of which stands a thriving and ambitious city—Leavenworth, Lawrence and Kansas City—railroads forming the three sides, which are severally between thirty and forty miles long. The territory enclosed is very fertile, part prairie and part heavily timbered. This triangle is bounded on the east by the Missouri river, and on the south by the Kansas. So far Leavenworth is ahead; but the other two may yet pass it. Each of the three is the keen rival of both the others.

This has been a very prolific season in this State. The wheat crop was very good. The corn suffered somewhat from the extreme heat of July, but is fair. Potatoes, both sweet and common, are very abundant and as good as I ever tasted. Onions, yams, melons and beets, as I saw them in the markets, exceeded anything that I ever met with. Apples are plenty and very fine, but the peaches, large and luscious, are carried about the streets by the wagon load. Although "as pleasant to the eye and as good for food" as any I ever saw, I was told that they were generally Seedlings. Their excellence is owing to the soil and climate. One gentleman told me that for five successive years—which was as long as he had bearing trees—he had never missed a good crop.

Land is rising rapidly in price. Some tracts of improved land several miles from town are held as high as thirty dollars an acre—others at lower rates, of course, even down to two or three dollars. Farms are being bought up rapidly.

In this State politics are pretty much on one side, and of course, there is little or no excitement; but in Missouri the contest is as active and earnest probably as in any other State in the Union. Our friends, however, are quite confident of giving the vote of the State to Grant by a very decided majority. Two Congressional districts, one of which is General Pile's, are hotly contested; and we may, it is feared, lose one of them by the conduct of a commissioner of registration, who is letting in a flood of disfranchised rebels. Colored men do not vote in Missouri. C.

The Ohio State Fair.

The Nineteenth Annual Fair of the Ohio State Board of Agriculture will be held in Toledo, beginning on Monday, September 21st, and closing on Friday, the 25th. The grounds selected are one mile west of the depot, and are known as the Swayne track.

We observe that an important change in reference to entries has been made, to take effect at the coming fair. No charge whatever is made as an entry fee for stock or articles for exhibition. The rule now is, "Any person may enter as many different articles for exhibition as he or she may own, in any of the departments free of charge." No exhibitors' tickets will be issued. The Board will depend for revenue from the fair, entirely upon receipts at the gate, where an admittance fee of twenty-five cents will be charged.

In consequence of this change it will at once become apparent to exhibitors that the desire to increase the revenue by receiving entries out of season will no longer exist, and those who desire to compete should be governed accordingly. The corresponding secretary, John H. Klippart, of Columbus, Ohio, gives notice that he will attend to all list of entries sent him before the fair, and that no entries will be received after Monday, September 21. Articles will be received on the ground on and after Saturday, the 19th of September. Every exhibitor is required to have his articles on the grounds and arranged by Tuesday, the 22d, and if delayed beyond 12 o'clock M., of that day, they cannot come in competition for premiums.

Among the regulations regarding stock, is one that thorough bred animals must be accompanied with a pedigree, to be furnished the Secretary. No premium, except in sweepstakes, will be awarded to any aged animal that has received the first premium at former State or provincial exhibitions either of this or of any other State.

The premium list is exceedingly full, and is very liberal. There are seven $50 premiums offered for horses, four $100 premiums, one $200 premium, besides a great number ranging from $40 to $5. Equally liberal premiums are offered for cattle, sheep and other stock. In the other departments, the list is made exceedingly full, offering premiums for almost every conceivable article of product or manufacture.

The arrangements with railroads have not yet been made public, but it may be presumed that the liberality of former years in this respect will be repeated.

ADVICES from the hop districts in Wisconsin are very discouraging. Much damage has been done by lice within the last few days. Many yards have been utterly ruined and abandoned. It is thought that not over fifteen thousand bales of prime hops will be shipped from that State.

LOCAL POLITICS.

Grand Rally in Allegheny—Fifth and Sixth Wards Ablaze—Mass Meeting and Torchlight Procession.

The Fifth and Sixth wards, Allegheny, were alive with excitement last evening, on the occasion of a grand rally of the loyal Republican masses, held at the corner of Beaver avenue and Locust street. Long before the appointed hour the thronging multitudes wended their way to the designated place, so that by the time the meeting was called to order there had assembled in the neighborhood of the stand an immense concourse of Republican voters, who there evinced their enthusiasm in the cause of loyalty and justice.

The German Turner Band and Professor Pope were in attendance, and by their enlivening and soul-stirring strains did much to render the meeting interesting and successful.

At 7½ o'clock Mr. Jas. E. Brady took the stand and proposed the organization of the meeting by the election of the following officers, which was approved:

President—Gen. W. Blakely.

Vice Presidents—B. H. Painter, Dr. Armstrong, J. Gardiner Coffin, Charles Pugh, Thos. Harper, Wm. J. Kane, G. J. Parkins, W. J. Madeira.

Secretaries—D. S. Patterson, W. A. Foster and reporters of the Republican press.

Gen. Blakely, on assuming the duties of President, returned his thanks to the audience for the honor conferred upon him and in a felicitous manner introduced Hon. P. C. Shannon.

Mr. Shannon was received with vociferous applause and commenced his remarks by stating that he was an old line Democrat, and had acted with the Democratic party from the commencement of his political life, through all the various fortunes which had attended them, down to the time when rebel vandals commenced their vain attempts to subvert the Government by firing upon Fort Sumpter. It became evident to his mind that the party which controled the affairs of State for so many years and had thus shown itself to be incompetent to govern wisely or well, had not sufficient vitality in it to restore or to save that Government in a time when all powers must be put forth in its maintainance. He left the Democratic party then, because he would not follow its leaders into the ranks of those who were engaged in the attempt to overthrow the best government which the world ever saw. He left it because it had been "weighed in the balance and found wanting." He left it because he desired the salvation of his country and the preservation of all those rights and privileges which it had always secured to its citizens. He left it to join, heart and hand, with these noble, loyal men of another party who were willing to sacrifice all on the altar of patriotism, and who had evinced such abilities and statesmanship as to impress upon all their capacity for saving the country and governing it with that judgment and wisdom which would ensure its prosperity, happiness and power.

The speaker then referred to the Democratic party, showing, by its record and the material of which it was composed, that it was totally unworthy the confidence of any loyal man or lover of his country, touched on the bond question, ably argued the justice and wisdom of the reconstruction acts of Congress, and closed with a fervent appeal to all to rally around the standard and make old Pennsylvania ring out in thunder tones in November for those incorruptible patriots and accomplished statesmen, Grant and Colfax.

Mr. Shannon occupied nearly an hour and a half, was listened to with marked attention by all, and rewarded at its close with hearty applause.

Loud calls were now made for Prof. W. J. Pope, who came forward and sang "The Miller and his Sons," which was received with roars of laughter.

At this juncture the torchlight procession made its appearance and interrupted the proceedings for a short time.

Quiet was at length restored and Prof. Pope sang another humorous ballad, after which R. J. Powers, Esq., was introduced to the audience.

Mr. Powers congratulated the Republicans present on the large turnout and hoped that it was but the precursor of what would take place at the polls in November, when the loyal masses would throng around the ballot-box to elect to the highest postion in the nation the people's candidates and the people's choice, U. S. Grant and Schuyler Colfax.

The speaker then turned his attention to the bond question, which he ably discussed in all its bearings for nearly an hour, showing up the fallacies of the Democracy on this question, and proving that the position taken by the Republican party on this point was the only just and equitable one. The gentleman was frequently applauded during his remarks, and at the close the meeting adjourned with three cheers for the Republican candidates.

THE PROCESSION.

The procession, which took place in the evening and joined in the meeting, reflected great credit on the gentlemen having in charge the necessary arrangements.

All along the line of march it was greeted with enthusiasm, many of the houses being brilliantly illuminated and decorated, and crowds of people manifesting their appreciation of it by vociferous applause. The route led through most of the principal streets of Allegheny, and considerable time was occupied in going over it. The whole was under the command of Colonel Joseph Brown and consisted of the following companies:

Second ward, Pittsburgh, battery, one hundred men, commanded by Capt. W. B. Cook.

Allegheny County Tanners Club, one hundred and seventy-five men, commanded by Lieuts. Patterson and Dagleish.

Third ward, Pittsburgh, Grant and Colfax Club, thirty men, commanded by Capt. McClure.

Fourth ward, Allegheny, minute men, two hundred and thirty-seven men, commanded by Capt. Callow.

Fifth ward, Allegheny, Grant and Colfax Club, seventy men, commanded by Capt. Paulus.

After moving through the route previously arranged, the Second Ward Battery marched down to the river bank, at the foot of Locust street, and fired a salute of fifty guns. The procession was broken up for a short time at the meeting, but re organized after the firing of the salute and marched back over another route, the companies dropping out as they arrived at their own headquarters.

Altogether it was an exceedingly fine affair, and conducted throughout in an admirable manner.

First Ward Republican Nominations.

Last evening the Republican voters of the First ward assembled at their headquarters, on Market street, near Second, for the purpose of suggesting names from which candidates for the several ward offices are to be chosen. Grant Hussars.

As per notice a meeting of the Grant Hussars was held at City Hall last evening, Lieut. Col. McClung presiding—a fu attendance and representation of the six companies now organized. Favorable reports from the Finance and Executive Committees were received and adopted. On motion, adjourned.

McClure Township Grant Club.

At a meeting of the McClure Township Grant Club, held on Friday evening, the 18th inst., to make arrangements for the Republican Convention on the 24th inst., the following committees were appointed:

Committee on Music—Jas. Shipman, T. N. Boyd, Peter Yost.

Committee on Banners—Daniel Trimp, Thos. Peyatte, David Davis, Rowland Jones, Thos. Monigan, Alex. Fishel.

Committee on Finance—Wm. Walker, C. H. Hartman, J. I. Bennett, Robert Forrester.

H. S. FLEMING, Chairman.

W. H. MURDOCK, Secretary.

The Great Earthquake—Remarkable Phenomenon—Five Hundred Mummies Resurrected.

A Lima, Peru, correspondent of the New York *Times* relates the following singular result of the earthquake at Arica, giving Gen. Kilpatrick as his authority. He says:

As the earth opened and yawned, there came up *five hundred mummies*, who stand in long lines facing the sea, every one of the skeletons in perfect preservation, the hands doubled up and supporting the chin, the knees drawn up, and the feet supporting the fleshless body! This must be one of the most frightful sights possible, and quite beyond description. The spot where these mummies now stand was once an old cemetery, some ninety years ago, it is said, and these skeletons are doubtless the fabled Incas and Indians, who either buried themselves *alive* or were interred in this manner. They correspond exactly to the old mummies of the Incas, which I described in a former letter as among the curiosities to be seen in the museum at Lima. As the ground receded, what a ghastly spectacle, amid the throes of an earthquake, the coming up again to earth of these long buried skeleton remains. Five hundred ghostly mummies!

THE BOYS IN BLUE.—The indications are that the grand national review of the Boys in Blue in Philadelphia on the 1st and 2nd of October will be the largest gathering of the veterans of the war since the great review in Washington city. All the war Governors are expected to attend; also the present loyal Governors. The Soldiers' and Sailors' National Executive Committee are in receipt of letters from representatives of soldiers and sailors from all sections of the country pledging their presence. One hundred thousand torches are expected to be in the procession. The boys intend to make this their first general campaign against the enemy a final one.

THE Seymour and Blair revolution has now been inaugurated in the Georgia Legislature. All the colored members of both Senate and House have now been expelled, the defeated Rebel-Democratic candidates seated in their places, and the overwhelming Democratic majority in the Legislature being enabled to snap their fingers at the Governor's protests and vetoes, the State is virtually in the hands of Toombs, Cobb and Ben Hill.

ECHOES FROM MAINE.

BY CAPT. A. M'GILL.

From the sea-girt coast of Maine,
From the Andro coggin shore;
From Penobscot's roaring river,
Don't you hear the cannons roar?
Oh! there are good times coming,
All along the Atlantic shore;
Memphremagog's borders echo
Grant and Peace and nothing more.

Don't you hear the tread of Freemen
O'er the land of pine and farm?
Don't you hear the shout of victory,
From Katahdin's lofty dome?
Oh! there are good times coming,
All along the Atlantic shore;
See the tens of thousands coming—
Boys in Blue, and many more!

Don't you see the pennants flying
From five hundred masts or more?
Don't you hear the brave tars crying:
Grant and Commerce, nothing more?
Oh! there are good times coming,
All along the Atlantic shore;
Don't you hear the echoes humming,
Grant and Commerce, nothing more?

What's the cause of all this music,
Down in the State of Maine?
Chamberlain from the Potomac
Leads the Boys in Blue again!
Oh! there are good times coming
All along the Atlantic shore;
And the drummer boys are drumming
Grant and Glory, nothing more!

"Josh" has flanked the rebel legions,
And has smote them hip and thigh;
To the tune of twenty thousand
He has blown them up sky high!
Oh! there are good times coming,
All along the Atlantic shore;
And the rebel hosts are running
And will fight us never more.

See, the Copperheads are flying!
See them skulk, and hide, and whine!
They their colors are denying,
And we "fight it on this line!"
Oh! there are good times coming,
All along the Atlantic shore;
Let the breeze flout out our banners,
And let the cannons roar!

Now, three cheers for the Union!
Three cheers for Chamberlain!
Three times three for Grant and Glory!
Invincible is Maine!
Oh! there are good times coming,
All along the Atlantic main;
Don't you hear the cannons roaring
For the glorious State of Maine!

Shout! shout! till Heaven's arches
Ring with the mighty roar;
Till its wafted o'er the mountains
To the great Pacific shore!
Oh! there are good times coming
All o'er this mighty land,
Grant and Peace from the Atlantic
To the great Pacific strand.

BLITZ AND THE DARKIES.

Blitz! The very name is synonymous with witchcraft and roguery. What a twang of jugglery there is in its pronunciation—*presto change*—magical words in themselves, are no more identified with miraculous deeds than that of Blitz. He is the prince of conjurors, and adds to his wonderful dexterity at legerdemain, the most remarkable power of the human voice, known as ventriloquism. Blitz is an arrant joker and loves to carry out a practical piece of fun. For some weeks past he has been frightening the market men in New York by causing their dead poultry and dressed pigs to talk all sorts of stuff, and to make formal complaint of the untimely end to which they have been brought. One butcher, after throwing a half dozen turkies into the street, because they would gobble, though they were as dead as door nails, was saluted with a tremendous grunt from a young pig that he was offering for sale, all clean and dressed for the table. Frightened half out of his wits the market man fairly "cut stick," nor would he come back again until piggy had been removed.

But the naughtiest thing that Blitz ever did was to disturb a negro meeting some years ago in Belknap street, Boston. The story is not generally known, as it would perhaps have led to some personal trouble to him, had it been represented to the authorities.

All Boston knows or has heard of the negro preacher, Father Snowden, who held forth to his "cullered bredderin" in Belknap street for so many years. It was a quiet summer's afternoon when the house was pretty well filled—there being a revival of religion going on among the "gemmen ob color"—when Blitz with some other persons (although he is himself as dark as a mulatto, and has "curly hair" to boot) entered the house. It was pretty warm weather, and consequently the hall was not a little offensive to the senses polite; but things went on nicely enough until the minister had got warmed up in his subject, and was using words almost too long for a common sized dictionary, when Blitz thought it was about time to do something.

"And the Lord said unto Moses"—

"Bow-wow-wow," came apparently from behind the speaker.

The congregation looked each other in the face with countenances darker than ever, while Father Snowden, after staring behind himself, seemed to come to the conclusion that the noise proceeded from the street, and so he commenced again.

"And the Lord said unto Moses—"

"Stand from under!" cried a voice, apparently at the top of the house.

The startled congregation rolled up the big whites of their eyes to the ceiling in amazement, while the minister drew suddenly to one side, expecting something was coming down. But after a moment's pause, all seemed quiet, and so Mr. Snowden resumed.

"And the Lord said unto Moses—"

"Ain't you ashamed of yourself!—take your hands off of me!" said a voice proceeding apparently from a very neat mulatto girl, who sat in the front pew and upon whom all eyes were now turned.

"I didn't touch yer," said the man next to her, in amazement.

Some smiled and said, "Sam Johnson ought to be ashamed of himself to act so in meeting," and the minister frowned upon him in a way that would have thawed a snowball outright, after which Mr. Snowden attempted once more to resume his remarks.

"And the Lord said unto Moses—"

"Well what did he say?" came suddenly from the big lips of an attentive listener in the side aisle.

The minister was astounded. He looked at the man as though his boldness had electrified him, while some of the congregation began to think that under the circumstances, the inquiry was a very natural and appropriate one. As to the minister himself, he was a little vexed now and repeated with emphasis.

"And the Lord said unto Moses—"

"Fire! fire!" roared a voice, which seemed to come from the entrance of the house, with startling earnestness.

This was too much to bear tamely. Even the minister rushed to the door and the affrighted women screamed like mad, as they huddled and pushed each other out of the pews and down the aisle. Bonnets suffered some on the occasion, and when they all got fairly out, they looked up to the top of the meeting house, patiently awaiting to see the flames burst through the slated roof.

And there Blitz left them standing, their eyes rolled heavenward, and Parson Snowden in a *brown* study.

"THOMAS" said one Irishman to another "go drive up the horses."

"Pat," replied the other, "an can one do it?"

"Yis, be sure."

"Well then, be jabers' do it yourself."

Intra Mural Graveyards.

At a recent Parish meeting in London it was resolved to throw open the churchyards of the parish as recreation grounds. The Rector said what he desired to see was a place with pleasant walks, green turf, flower beds, and flowering shrubs, to afford grateful retirement occasionally from the noise and bustle of daily toil, to hard working folks—a place where children might be sent to breathe the fresh air, exempt from the dangers of the street traffic.

There are, in all our large cities, old and disused cemeteries in the midst of a large population. These are often surrounded by high walls and fences, and the public are religiously excluded from them. Indeed, in some of our cities, the strictest rules in regard to all cemeteries are made, and only persons having tickets are admitted. It thus happens that thousands of persons who have no permits, and know not where to procure them, are shut out of these grounds. Precisely why this rule should be adopted, we cannot see, for a very little police watching would insure good order.

In Philadelphia not a policeman is required in the cemeteries. At Cincinnati, in a leading and highly ornamental cemetery, the rails inclosing the lots have all been removed and the mounds over the graves leveled with the ground, so as to make the place uniform in aspect, and to leave the public free to stroll at leisure. Experience has shown, and most noticeably in our own Central Park, that people soon learn to respect public property, to keep their hands off flowers and shrubs, their knives from woodwork, and their pencils from marble.

It has been an American custom to sell disused churchyards for building lots, but some remain which could easily be made useful to the public by opening them as breathing places for a heated and overcrowded population. Meditations among the tombs would not be unedifying to the living who would resort for a leisure hour to the places, underneath which the remains of the rude forefathers of the hamlet have long since crumbled into indistinguishable dust.

The fancy of the day is for extra mural cemeteries and parks, and there is so much the more reason for maintaing the few scattered open places which lie along our city streets. Though London is full of parks, gardens, commons and greens, the late parish meeting shows a tendency to increase the number, and to add to the comforts of a class who have rather less than their share of the common felicities of life. This subject is attracting attention in Philadelphia, and the papers of that city are commending the London example to parish authorities there.

Sporting--The Breech Loading Shot Gun.

The Springfield *Republican* describes a new shot gun now manufactured in that town by the Wesson Company. It says:

The double barrels are attached to the stock in the usual manner, with a key. Just back of this key is the hinge upon which the barrels turn to throw up the breech. About two inches back of the hammers, in the small part of the stock, and precisely at this point where the thumb of the right hand naturally falls, is a little knob. A slight forward pressure of the thumb upon this knob raises a short lever. By this movement the breach is unlocked and a slight jar causes it to be raised ready for the insertion of the cartridges. The cartridge slides easily in, and no especial care to press it home is necessary, the operation of closing the breech doing all that.

The rib of the barrels extends half an inch beyond the point of rupture, terminating in a sort of letter T. The locking level mentioned above terminates in a similar form, reversed, and when, by a gentle pressure of the right thumb, the two are brought together in a strong, drawing grip, the breech is securely locked and ready for firing. The mechanism of both locks are secured to one plate, which is also the back bone of the stock, a plan which admirably secures the locks against injury and wear. The hammers are small and slightly sunken in the face of the stock, so as to deliver a central fire blow upon a horizontal pin that discharges the cap. After delivering its blow the hammer rebounds automatically to half-cock, at which point it rests. This is one of the best features of the gun. No precaution against accident could be more certain than this movement, which we have never seen used before. After discharge, and when the breech is opened, an ejector throws the empty cartridge shell half out so they can be removed with the fingers. Eley's central fire cartridge is used at present, but it is intended to manufacture a cartridge in this city especially for use in this gun, which will be much cheaper. The barrels are of the finest Damascus twist of a small figure, and of a remarkably graceful shape, or outline. They are bored so as to scatter or concentrate the shot as desired. The breech plate is skeleton, to secure greater lightness, and the whole finish of the piece is elegant and tasteful.

The Iron Crown of Lombardy.

This golden circlet, containing an inner ring made of the iron nails with which tradition alleges our Saviour was fastened to the cross, had been carefully preserved for nearly twelve centuries in the town of Monza. All the Lombard Kings, and those who subsequently called themselves Kings of Italy, were crowned with this diadem. In 1859 Austria took it with great pomp to Mantua, and thence, for the greater security, to Vienna. After the campaign of 1866, General Menabrea, now President of the Council of the Kingdom of Italy, went, in virtue of the treaty of peace, to take possession of the holy object, and carried it to Turin, to King Victor Emanuel. Early in December of that year, General Solaroli handed it over, by order of the King of Italy, to the Chapter of Monza. The foreign journals, just received, announce that, for the first time during the last ten years, and in the Cathedral of San Giovanni, the festival of the Holy Nail, which ornaments this celebrated Iron crown, was celebrated from September 6th to September 8th, at the city of Monza. The crown itself is popularly called *il sacro chiodo*—the holy nail.

The Tidal Wave on the North Pacific.

We printed on the 31st of August a telegram from San Francisco as follows:

On the 15th inst. a singular tidal phenomenon occurred off San Pedro, Southern California. A series of waves commenced flowing upon the coast, causing the tide to rise sixty-four feet above the ordinary high water mark, which was followed by the falling of the tide an equal distance below the usual low water mark. The rise and fall occurred regularly every half hour for several hours.

Of course, the cause is now clear. These waves were started by the great earthquake in Peru, and must have traveled nearly 4,000 miles within the two days or less that intervened between the shock in Peru and the effect in California—that is nearly 100 miles an hour.

A MAN down in Lynn, Massachusetts, it is said, made so many pairs of shoes in one day, that it took him two days to count them. He was a smart one, but not equal to one up in New Hampshire, who built so many miles of stone wall in one day, that it took him all night and the next day to get home.

Financial Matters in New York.

Gold Closed at 144¾.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, September 18, 1868

MONEY AND GOLD.

Money is easy at 3@5 per cent. on call; chiefly at 4. Remittances to country banks have slightly increased, and it is believed the demand for money to move western crops has been generally satisfied, although the amount of grain received here up to date is a million bushels less than last year; but at the same time moderate orders for remittances have been received from the South. Sterling dull at 8¾@9. Gold quiet and firm, opening at 144⅝, advancing to 144¾, and closing at 144¾.

GOVERNMENT STOCKS.

Governments are firm and higher, with some activity, owing to the firmness of bonds in London and Frankfort and the scarcity here of securities for shipment. RAILWAY SHARES

Active and excited, with an advance on nearly the whole list. Several bear firms are reported as having failed, among whom are Smith & Rodgers, J. J. Roberts, Bell, Farris & Co., Tompkins & Nast, and Semple & Marsh, so says the *Express*. So ends the bear campaign. It is stated that some of the banks will make a raid to-morrow on the Sub-Treasury for currency for three per cent. certificates, but the Secretary is prepared for the move. Express stocks dull. Miscellaneous shares buoyant, the chief advance being on Pacific Mail. The Erie Railroad has leased the Patterson and Newark Railroad for ninety-nine years. The dealing on Stock Exchange was very heavy this afternoon. It is rumored that the Pacific Steamship Company have made a settlement with the opposition.

RIVER NEWS.

The river, we regret to state, continues to recede steadily at this point with but five feet two inches in the channel by the Monongahela marks. Weather clear, cool and pleasant and seemingly settled.

The New State arrived and departed for Wheeling. No other arrivals or departures aside from the Monongahela river packets.

The Silver Cloud and Glasgow, from Cincinnati, are among the first boats due.

The Grey Eagle, Capt. C. L. Brennan, is the regular packet for Parkersburg to-day, leaving promptly at noon. By the way, the Eagle was put in first-rate repair during the summer, and is now in excellent condition for business.

The Ida Rees No. 2, Capt. G. W. Albert, with Jas. H. Rees, Jr., in the office, is announced to depart for Cincinnati and Louisville this evening without fail, and passengers and shippers should bear this in mind.

—The remains of Capt. T. Jeff. Decamps, who died at Parkersburg, Sunday, were interred at Wellsburg.

—The White Collar Line, at St. Louis, have purchased the steamer Countess, and will run her above the rapids.

—Capt. C. W. Batchelor, of Pittsburgh, who has many friends in Cincinnati, is spending a few days with them.

—The Sallie was to have left St. Louis today for Omaha, in charge of Captain Thos. S. Calhoun. Hereafter she will ply between Omaha and Lexington.

—The A. & M. S. S. Co., have been sued at St. Louis, by a man named McGoyle, for $8,000. He alleges that they did not properly take care of a lot of cattle shipped on their boats.

—Work has been suspended on the river piers of the railroad bridge at Bellaire, in consequence of the recent freshet. Operations will be resumed in the meantime on those through the town.

—Had the Brown's barge struck 15 feet further forward, it would have cut the Abeona in two, but striking the solid engine and timbers on which it rested, the Abeona and cargo were saved.

—The Leni Leoti, recently from the mountains, passed Louisville on Tuesday, pretty well loaded, and in command of Captain McComas, late of the ill-fated Mattie Burns. We hope he will have better fortune with his new venture.

—The Emma No. 3, from New Orleans to Cincinnati, with two barges in tow, came up through the canal at Louisville on Tuesday. At the mouth of the canal one of the barges broke loose, and lodged on the dam. It was pulled off by the Walker Morris, and the Emma went on her way rejoicing.

—The Dubuque *Herald*, of Tuesday, says: It was reported that the Tiber was run into by the Milwaukee, and had one of her barges of grain sunk in Coon slough. The Milwaukee and Dubuque left here together Saturday for a race to St. Paul, and met the Tiber coming down loaded, when the collision occurred.

—The Davenport *Democrat*, of Monday, says: We learn from a gentleman from Le Claire that on Saturday night the steamer Countess was sunk in about three feet of water, with all on board, including the Captain, chambermaid and watchman. The boat sprung a leak near the fore-hatch, and went down without anyone's knowing it or any alarm being given.

—The Shark arrived at New Orleans on Saturday morning with five barges in tow, containing 11,516 bbls and 300 half bbls flour, 356 bbls meal, 60 casks bacon, 8 hhds tobacco, 942 bales hay, 8,395 sacks oats, 4,350 sacks bran, 754 sacks corn, and 1,043 sundries—in all 27,724 packages, and 16,100 bushels wheat *in bulk* for *through shipment* to New York.

—Says the St. Louis *Democrat*: The Helena was sold at auction yesterday by the U. S. Marshal, for $5,900, John Bannon being the successful bidder, for other parties no doubt. Terms, one-third cash, one-third in two months, and one-third in four. This boat is but 2½ years old, never met with an accident, is a stern-wheeler, and came off the docks a few days since. She cost $28,000, and is for sale now, we learn, for $7,000.

—We take the following from a Louisville paper: John A. Miller against the steamer Tarascon, &c. This is a suit for damages which, in the petition, are laid at $700. The plaintiff alleges that he shipped certain goods on board the Tarascon, which her owners agreed to deliver at Little Rock, Arkansas. That a portion of the goods were delivered, and for damages in failing and neglecting to deliver the balance, this suit is brought. On yesterday the defendants filed their answer, denying the non-delivery of all the goods, and alleging they were delivered at Little Rock to the plaintiff's agent, for which they have a receipt.

—We clip the following items from the Cincinnati *Commercial* of Thursday: Capt. Chas. Mathews is loading two barges with hay and miscellanous merchandise, to be towed to Pittsburgh by the Panther or Tom Farrow. .....Capt. Sam. Shuman will drop the Lorena down to the levee to-day. She will probably load for Pittsburgh. Capt. Ed. Evans yesterday sold the Westmoreland to Capts. W. J. Rusk and Andy Byers, late of the Emperor, for $20,000. They will continue her in the Cincinnati and New Orleans trade.....,The Major Anderson, having been sold and withdrawn from the Mail Line, leaves for Wheeling, in place of the Potomac to-morrow, in charge of Capt. Muhleman and the Potomac's crew. As the J. N. McCullough also departs for Pittsburgh at the same time, a spirited rivalry in speed and business is anticipated. They are both fine side-wheelers.

—We can get no reliable intelligence from above by telegraph, simply because somebody has got coal to sell. It may not be that, but to a man up a tree it looks that way. It has always been a funny notion to us that whenever there begins to be a coal-boat rise at Pittsburgh we can't get any dispatches from that sweet-scented hole of iniquity. When we have got no use for dispatches, and the river is dry, they are showered in profusion down this way, and must be paid for or stop. If coal speculators have bought the telegraph, we want to know it. If their is black-mailing going on, we want to know it. If we ain't going to get any news only when we don't care about it, we want to know it. If the river is rising and coal coming, we want to know it. "That's what's the matter."—*Louisville Democrat.*

If the *Democrat* is so anxious to get late and reliable news from Pittsburgh, why not employ some one here for that purpose. The agent of the associated press has more important business on hand, and has not time to give river matters much attention.

DISEASED LUNGS.

There is no doubt whatever that diseases of the lungs, or ulcers of whatever sort, on any of the internal organs may be, and are frequently cured, and a complete condition of health established. If the elaborative functions, of which the stomach is the primary and most important one, are restored to a condition to do the repairing of the human system, ulcers or sores, whether upon the lungs, the liver, the kidneys or the bowels, or upon the legs, as is frequently the case, can be made to heal, and a complete standard of health re-established.

We have frequently seen these results from the use of Dr. KEYSER'S LUNG CURE, a pleasant and agreeable medicine, which will ripen up and carry out of the animal economy all effete and used up material. Dr. K. says that he has known the most distressing and harassing coughs, whose vibrations would threaten to shake the whole constitution to pieces, removed in the course of a few days. In long standing cases of consumption, or of other sometimes fatal but always troublesome and annoying maladies, known as catarrh, chronic bronchitis, trachitis or pharyngitis, it is a wonderful alleviating medicine in the former and a sure cure in the latter disease.

DR. KEYSER'S LUNG CURE IS ENRICHED BY SOME OF THE MOST VALUABLE PLANTS AND HERBS KNOWN TO BE USEFUL AND CURATIVE IN ALL DETERIORATED STATES OF THE HUMAN BLOOD, and whilst it adds to its plasma, it at the same time stimulates, gently but effectively, the skin, the kidneys, the liver and the glandular system to sufficient action to enable the body to take on healthful action and eradicate the disease. The sick and afflicted should bear in mind the virtues of this great medicine, and if those who are sufficiently alive to the importance of health, will resort to it in the beginning of a cough or cold, there would be no falling into declines and rapid consumption, so hopelessly incurable and so most surely fatal.

Sold by the gross, dozen or single bottle, at

GOLD closed in New York yesterday at 144⅜.

THE Legislature of Alabama is in session for the purpose of providing a system of registration for legal voters. The rebels object as usual.

COLORADO gives BRADFORD (Rep.) for Delegate 131 majority, with three counties to hear from, which are estimated to add to this 50 more.

A DEMOCRATIC JOURNAL in Boston learns that from $50 to $200 apiece were paid for Democrats in Maine, either to vote the Republican ticket or to stay away from the polls, and "a great many" such bargains were made. "This is terrible."

THE Maine majority is fixed by our latest despatches at 20,000. The Republican vote will exceed 70,000 while the Democratic will fall short of 50,000. Those who laid wagers on the Republican majority being less than 20,000 have lost, as the official returns will show in a day or two.

MR. HORATIO SEYMOUR did not read the news from Maine in the same light as the *Post*. When he finished the unpleasant task, he telegraphed to Mr. PILLSBURY, of Portland, exclaiming

"THIS IS TERRIBLE!

Where are the victories you promised us?"

The Portland *Press* is the authority for this statement.

OUR DEMOCRATIC FRIENDS in this city, in "looking out for the main (e) chance" within a day or two past, have contributed very large sums to Republican pocket-books. Let it be a lesson to them to beware, for the future, of "special telegrams from the N. Y. *World*" or of fanciful displays of poultry on the *Post's* bulletin board. In this way the lesson may be valuable—as it should be, for it has been very expensive.

"OUR ARMY IN FLANDERS" had no experience whatever in profanity, if it be compared with the universal and resistless storm of execrations with which Democrats, who have wagered their money on Maine, stimulated by the *World* and the *Post*, are now cursing the miserable arithmetic of those journals. They have not only lost all their bets but all their confidence in Democratic newspapers. The *Post*, of yesterday, allowing us only 18,000 majority, on the strength of "private dispatches," puts the Republican claim at 20,000 to 22,000, and then adds:

"We are thus particular in giving all the information we have at this writing and not only retain for this paper its reputation for truth and veracity, but escape the blame from those who see fit to bet their money on dispatches which may hereafter prove erroneous."

Democrats, who were flush with money for bets on 17,000 and 18,000 on Thursday afternoon, claimed to have their information from the office of the *Post*. Its own bulletin board paraded precisely the same claims. Upon all this, confiding Democrats "went in" to bet; it is needless to add that they come out at the small end of the horn. Won't these victims admire the efforts of the *Post* to dodge its responsibility for their losses?

PENNSYLVANIA.

Mr. ANDREW JOHNSON has "instructed Mr. JOHN L. DAWSON to return home and inform his friends of the absolute party necessity of carrying the Keystone State for the Democracy in October." The N. Y. *World* pitches its Vermont and Maine arithmetic into the fire, has no more "special telegrams" to send West for the depletion of Democratic pocket-books, and flourishes its tomahawk as follows:

The battle ground of the Presidential contest this year is in Pennsylvania. To the Democrats of that State the country looks for relief from the burdens which Radicalism has piled upon the nation. If they obtain a majority at their election on the 13th of October next, Horatio Seymour will be the next President. Upon the Democrats of these three States—Pennsylvania first, Indiana next, and Ohio last—rests a great responsibility. They should know not a single idle moment until the sun sets on the 13th of October. Their motto should be, work, *work*, WORK. That it will be, we feel confident, knowing how they are impressed with the importance of succeeding in this campaign.

Now, Democrats, one and all, to work!

All this means that the Copperheads, led by BLAIR, HAMPTON and FORREST, repulsed in Vermont and Maine, and hopeless of Ohio and Indiana, will make their last final desperate charge upon Pennsylvania in October. And it means that, to ensure their defeat, every Union vote in the Commonwealth must be polled; that the opposition must be checkmated in their gigantic scheme for colonizing the border counties with voters from New York, New Jersey, Maryland and West Virginia, and that their fraudulent naturalizations must be detected and debarred from the polls, as well as subsequently punished.

We annex the later votes of Pennsylvania:

	Rep.	Dem.	Total Vote.	Maj.
1860—President.....	268,030	193,636	476 442	72,394
1864	296,391	276 316	572.707	20,075
1865—Audt. Gen.....	228 460	215,740	454,3?3	22,.60
1866—Governor.....	307 274	290 096	597,370	17.178
1867—Supreme.....	266,824	267,746	534,570	dem.922

Our total vote in October will exceed 600,000, but not much, and at least 310,000 of these votes should be for the Union ticket. We have yet to hear of the first Union man, who supported GEARY, who will "go back" on the ticket now, while our natural increase in the two years should be nearly 5,000 votes. Nor may it be forgotten that, of the thousands of Democrats who intend to vote for GRANT and Peace and against BLAIR and Rebellion in November, no inconsiderable number will go for HARTRANFT and CAMPBELL in October, by way of getting their hands in.

We are entitled, therefore, to 310,000, and ought to have 315,000 Union votes at the first election. It is idle for the opposition to talk of matching these numbers in an honest poll. If our friends should come as near a full vote here as they have done in Vermont and Maine—and why should they not?—the opposition have not the shadow of an honest chance, and they already know it. The vote of '66 was a square hold on both sides, and, up to the day when this canvass opened, could have been repeated without the change of a thousand votes on either side, and each profiting by the regular and natural increase for nearly two years. While we *know* that there are thousands of honest Democrats now who *cannot* and *will not* support the New York nominations, and while it is fair to expect a handsome per centage of gain from that source at the first election, who is there that can lay his finger on a corporal's guard of GEARY's supporters in '66 who have since deserted us? We keep every man whom we had then, and this is what the opposition cannot say. Give us then, from all sources, an increase of 3,000 votes and the opposition must gain at least 20,000 to match it. They can't do it *honestly*—and they don't mean to try.

But they do intend to bring into the Commonwealth from without, and to manufacture fraudulently within it, at least 25,000 votes. They will distribute them through all the border counties and throughout the State where they can find convenient courts, complaisant officers and conniving election boards. It is a desperate card, but it is their last play, and their only salvation as a local or national party.

Now we insist upon it that, as the opposition can only succeed by frauds so gigantic, so it will be a shameful negligence and cowardice in our friends to fail either of detecting or blocking that game.

The rebel yell of JOHNSON, BLAIR and the Copperhead newspapers frightens no one. We have the votes to make this thing sure. Fifteen thousand majority at least of the people of Pennsylvania are Union men to-day, and friendly to the Republican ticket. All they have to do is to turn out and vote in October, every man of them, and see to it that the Democrats poll no more votes than the law allows them. Do these two things and the Old Keystone will be all right.

MORE WAILING.

"This is terrible," telegraphs HORATIO SEYMOUR to his friend, the defeated Democratic candidate for Governor in Maine on Monday night. "This is terrible!" exclaims the Presidential nominee, as he contemplates his dissolving hopes under that glorious victory for the Union. "This is terrible!" said another eminent Democrat, also his friend, Gen. LEE, when he found himself hopelessly hemmed in at Appomatox by the triumphant legions of GRANT. "This is terrible!" said another Democratic friend of his, the pirate SEMMES, as he sprang overboard from the Alabama sinking under the shot of the avengers of the Republic. "This is terrible!" groaned another good Democrat, WILKES BOOTH, when, a hunted assassin, he was hemmed in by a wall of fire, and death, the summary and inevitable retribution for his crime, was wrapping its black cloud around him.

"Where are the victories you promised us?" is Mr. SEYMOUR'S reproachful demand. It is the same enquiry which, over and over again, the Southern rebels addressed to their Northern Copperhead friends in the late four years of war. "Where is the reaction of the North against Radical misrule? You promised us a peaceful secession, or an easy triumph over the disunited North. You proclaimed the war a failure; you boasted of contributing neither a man nor a dollar to its support. You told us that we were right, and pledged to us your sympathies and your material aid. You vaunted your own ability to take care of the Republicans at home, while we should subdue their armies in the field. Why didn't you make good these fine pledges? Where are the victories you promised us, in the name of Democratic disloyalty in the North?" And only Echo answers!

"This is terrible" is the wail of the Democracy of Allegheny as they contemplate the ruinous defeat of their friends in Maine "This is terrible," gnashes from their locked teeth as they pay up the thousands of dollars which they have lost in bets upon the majority—bets which they never would have made but for the reckless falsification of the returns by leaders in whom they had placed their fatal confidence. "This is terrible" will be the burthen of their lamentations, as they drag through the remaining days of the canvass in impecunious silence and darkness, while the Union men of Allegheny—all their election expenses more than paid with the good Democratic dollars won from the victims of too much confidence in Democratic brag—keep the streets and squares blazing night after night with their brilliant displays, and go marching on until November with fire-works, torch-lights, banners, gun powder and the ringing shouts of assured triumph. "This is terrible! Where are the victories you promised us?"—and SEYMOUR, the Copperheads, the rebels, the disunionists and Ku Klux everywhere, North and South, and the thousands of Democratic speculators—confidence-victims who have seen the last of the hundreds of thousands of dollars wagered upon the delusive brag of Democratic journals—all of them join in the chorus of lamentation.

This is *not* terrible for Union men—not any!

STATE POLITICS.

JOHN BROOKS, Esq., of Cameron, is the Republican nominee for Representative from Cameron, Clinton and McKean.

A. G. OLMSTEAD, Esq., is the Republican nominee for the Senate in the Potter district. For one Representative, Potter and Tioga have united on B. B. STRANG, but cannot agree on the other, Potter insisting on J. S. MANN and Tioga preferring Mr. NILES, both of whom are consequently in the field. We trust that our friends there will emulate the good example set for them in the the XXth Congressional district, and heal their differences promptly. The importance of having a working majority in the lower House this winter is too manifest to be needlessly imperilled. The difficulty in this, as in other instances this year in our State, would not occur under a proper system of representation in the nominating body. The objectionable features of the Conferee system have never been more manfest than this year.

The triangular contest for the Republican nomination in the Bradford District has not yet terminated. Bradford adheres to LANDON, Wyoming to OSTERHOUT and Susquehanna to JESSUP. It looks as if Wyoming would give way in favor of LANDON.

The Democratic nominations for Congress are completed, with the exceptions of the IXth and XIth districts. We append the list as it now stands:

THE NEXT ANNUAL TREASURY REPORT.

It is announced that the official report of the Secretary of the Treasury, to be made to Congress in December, which regularly includes the figures for receipts and expenditures during the last fiscal year, will state the exact amount for the year ending in June last, as follows:

Revenue.		Expenditures.	
Customs.....	$164,464 000	Civil.....	$53,000,000
Internal.....	191,000.000	War.....	123,000 000
Direct tax.....	1,700,000	Interior	27,800,000
Lands.....	1 300,000	Navy	25,700,000
Miscellaneous.	46,900,000	Interest	140,000,000
Total.....	$405,364,000		$369,500,000

These totals were sometime since stated by Commissioner WELLS, in his published letter, at $406,000,000 for revenue and $371,000,000 for expenses. His approximations, therefore, were remarkably correct.

REPUBLICAN MASS MEETINGS.

We continue our announcements as follows:

FRIDAY, Sept. 25th.—Butler. Governor Curtin, Messrs. Phelps, Minor and Penniman. At Mount Pleasant, Gov. Pollock and Col. McClure. At Greenville, Hon. John Allison and T. J. Bigham. At Sharon, Capt. F. Schluembach (German.)

Monday, Sept. 28.—At Elderton, (Armstong,) Gov. Curtin and S. S. Minor. At Freeport, Messrs. Purviance, Penniman and Lucas. At Pittsburgh, Capt. F. Schluembach (German.)

Tuesday, Sept. 29.—Indiana, Gov. Curtin, Messrs. Penniman and Minor. At West Newton, Gen. Hawley, Mr. Covode. At Johnstown, Capt. F. Schluembach (German).

Wednesday, Sept. 30.—Clearfield, Gov. Curtin, Messrs. Schofield and Swope. At Uniontown, Messrs. Hawley and Covode.

A DAY or two ago the *Post*, of this city, assuming a virtuous indignation it did not feel, expressed itself in the following terms:

Extravagance and pillage marks the sway of the Radicals in the State and National Legislatures. The swarms of new employés at Harrisburg, the increase of the pay of the members and the rapid rise in the aggregate legislative expenses, have been subjects of common remark."

To which the *State Guard*, of Harrisburg, thus pithily responds:

"There was a little dividend made of an appropriation to a certain Pittsburgh charitable institution, which corruption was not consummated at Harrisburg, and of which the *Post* has a knowledge it owes to the Democratic party to lay before its readers. Bishop Domenec understands this kind of corruption because he suffered by it, and the *Post* knows who was benefitted thereby."

What answer has the *Post* to put in?

EX-SECRETARY STANTON.

The Washington *Chronicle* says: Ex-Secretary STANTON expects to start West this week to take part in the campaign. He will speak at Pittsburgh, Cleveland, Detroit, Chicago, St. Louis, Cincinnati and Dayton, and possibly at a few other points. He then intends to visit New York in time to enter the field there. He will visit Philadelphia before going West.

On the other hand, a Columbus dispatch states that Mr. Stanton telegraphed to the Union State Committe of Ohio, that he cannot now tell when he could return to that State, and that his present wish is that no appointments be made for him to address meetings.

THE strength of HORATIO SEYMOUR with his party has, by common consent, been located in the Eastern and Middle States. In the West and Northwest, he is supported by the Democracy in virtue of his nomination; all the solid claim he has ever had upon their regard has grown out of his disloyalty during the war. In all other respects, he is a candidate most distasteful to the Western Democratic leaders. Could'nt some Democrat, who is busy cyphering out the Vermont and Maine problems, suspend that work long enough to tell us how much he is to gain in the West, where he is weakest, when the Democratic losses in Maine and Vermont are so decidedly ruinous?

RELIGIOUS INTELLIGENCE.

The Warren Baptist Association, of Rhode Island, has met and adjourned without taking definite action in regard to Rev. C. H. Malcom, though a strong effort was made to ostracise him for his open communion views. Dr. Herman Lincoln presented a resolution evidently aimed at Mr. Malcom, and his church at Newport, in which it is stated, the Association regards it an inversion of the Scripture law, in inviting to the Lord's table those who have not been baptised, contrary to the universal custom of Christendom, an infringement of the Divine law, and a violation of Christian propriety. Dr. Lincoln was the only person who spoke in favor of the resolution. Several opposed it as injudicious, inasmuch as the question whether baptism was a necessary prerequisite to the Lord's table was an open one, not definitely settled in the Word of God, and thus left to private judgment. The resolution was referred to a commit ee which is adverse to it, and which will report at the meeting one year hence.

Rev. Henry Ward Beecher will speak in Boston on the political situation before the presidential election, but he will not lecture much during the coming season, says the *Independent*, being engaged on his "Life of Christ."

The long looked-for trial of Rev. J. P. Hubbard, for allowing Rev. Frederick Dennison to officiate in his church, commenced on Monday, the 9th. The court appointed by Bishop Clark, of Rhode Island, entered upon its duties at that date, but nothing was done, and the court adjourned to meet on the 22d inst. Mr. Hubbard pleaded not guilty to the presentment.

It is gratifying to note that quite unexpectedly the American Board of Foreign Missions have been favored with so many remittances, that it will be wholly unnecessary to report any indebtedness to the next meeting.

This week's issue of the *Presbyterian Banner* begins a new volume, the fifty-fifth. Ever since July 5th, 1814, this paper, though the name has been changed several times, has continued to make its visits to the homes of subscribers. Under the editorial management of Dr. Allison and Prof. Patterson, the *Banner* has steadily risen to its present elevated and popular position. It is ably edited, and conducted, too, in a liberal and catholic spirit. The paper well deserves the patronage it receives.

The Old School Presbytery of Indianapolis declared that dancing was a proper ground of discipline, according to the rules of that Church, as expressed in chapter first, section third. Not only is dancing condemned, but members are not to countenance the same by their voluntary presence.

The approaching General Convention of the Protestant Episcopal Church, in October, promises to be an interesting meeting. It is expected that every Diocese, without a single exception, will be represented by its Bishops and clerical and lay delegates.

The Western *Christian Advocate*, published at Cincinnati, says all the Catholic papers it sees are outspoken advocates of the election of Seymour and Blair. Their partisan bitterness is not surpassed by the vilest sheets of the party.

The new parlor amusement called Planchette is pronounced by the Catholic clergy of St. Louis a diabolical invention, and members of that faith who practice it are threatened with excommunication from the Church.

The Michigan M. E. Conference, at its late session at Three Rivers, received twenty six additional ministers. This body is one of the largest of the fifty-odd Conferences of that denomination.

Rev. Charles Franklin Robertson, the newly elected Bishop of the Protestant Episcopal Diocese of Missouri, is a son of Mr. James Robertson, a member of St. Paul's Methodist Episcopal Church at Peekskill, N. Y., and brother-in-law of Rev. C. D. Foss, a distinguished Methodist minister in New York City. He was early a clerk in a New York mercantile house, and became a communicant in St. George's Parish, under the eloquent Dr. Tyng. He graduated at Yale College in 1859 and at the General Theological Seminary in 1862. His age is thirty-three.

When the Rev. Washington Baird, a Presbyterian minister, was dying in Clayton, Georgia, a few weeks since, in response to a question as to how he felt, he said that he was "passing from the bosom of his friends on earth to the bosom of his Father in Heaven." When asked how he found the passage, he whispered, "*pleasant—glorious.*" We have more confidence in the testimony of this dying minister, in the power of Christ to save for time and eternity, than the atheistical declarations of such men as Mr. Burtt, the Democratic-Labor candidate for Congress in this District, who is said to question the existence of a God, and to ignore the fundamental principles of Christianity. Christian men seeking to have a more decided recognition of the Sovereignty of God in the Constitution, would not get much help from such persons, if sent to Congress.

Some of the Indian tribes are evidently "reconstructed," and should not be classed with the wretches out on the plains, as would appear from the fact that, a camp-meeting begins this week on the "Tonawanda reservation" in New York, for the benefit of the "Six Nations." It is to be under the supervision of Rev. C. D. Burlingame, a minister of the Genessee M. E. Conference.

The question of music, always a troublesome one, is assuming a grave aspect in some of the leading churches in the East, mainly because of the exorbitant tax to sustain choirs, and the "soiled" character of many of the singers. Among the leading churches which have taken steps to dispense with a choir, and return to simple general congregational singing in its worship of God, is the First Baptist church in Philadelphia. Some other of the largest and most influential churches in Philadelphia are meditating the same thing. Some of these 'choir" luxuries cost a congregation full, two thousand dollars per annum. Many of the persons who are found on opera, and sometimes other stages, during the week, are engaged in the choir on the Sabbath.

At a late meeting of the United Presbytery of Chillicothe, a paper was presented stating that the United Presbyterian church of Chillicothe, by an almost unanimous vote, had withdrawn from the jurisdiction of the Presbytery. The step was taken in view of the recent decision of the United Presbyterian Church in the matter of instrumental music in public worship.

The most ritualistically inclined Episcopal minister in San Francisco, California, is said to be the Rev. F. Dillon, of the Church of St. James the Less. He usually appears in the Sabbath services, clad in a white robe, with an immense cross down the back. He is surrounded by a number of attendants. Seven candles are on the altar, and the number of genuflexions gone through with in a morning service is of an unusual character in an Episcopal Church. It is said he has been twice suspended by Bishop Kip, but, as soon as restored, wears the cross as conspicuously as ever.

The Eleventh Annual Meeting of the National Local Preachers' Association of the Methodist Episcopal Church, meets in Christ M. E church of this city, Saturday, October 17, 1868. Lay ministers from all parts of the Union are expected to be present, especially from the East, West and North. The last annual meeting was held in Boston, and was a season of marked interest. The Preachers' Meeting, comprising the pastors of the two cities and vicinity, of the M. E. Churches, on last Monday morning, appointed Drs. L. F. Morgan and H. Miller, and Revs. W. H. Locke, S. M. Hickman and James A. Miller, a Committee to cooperate with the Local Committee of the association, in making arrangements for the Convention. The Local Committee consists of Messrs. J. F. W. White, J. L. Graham, J. F. Dravo, J. Wilkinson and W. H. Kincaid.

DR. SARGENT'S BACKACHE PILLS

Are the most efficient and most popular Diuretic medicine known, removing at once any obstruction of the Kidneys, subduing inflamation and strengthening the Urinary Organs.

Dr. Sargent's Backache Pills

Have been in use 35 years, and are daily performing wonderful cures. In many instances where patients were unable to walk upright or to rise without assistance, they have been relieved by a single dose.

Dr. Sargent's Backache Pills

Cure all diseases of the Urinary Organs, the symptoms of which are weakness and pain in the back and loins, pains in the joints, difficulty in voiding the urine, general debility, &c.

THE KIDNEYS, BLADDER, &C.,

Are those organs through which most of the waste or worn out particles of the body passes; these worn out and dead particles are poisonous, consequently when these organs are diseased the whole system becomes deranged, and if not relieved at once the result may be fatal.

This much esteemed and most efficient medicine is the only diuretic that is put up in the shape of Pills, and is much more easily taken than the ordinary diuretic draughts, the Pills being sugar coated

HAPPINESS DEPENDS UPON GOOD DIGESTION.

"Weakness of the Stomach" is the source of more evils than were contained in Pandoras' Box. Debility, headache, nervous tremors, palpitation of the heart, and local pains innumerable, are its direct consequences. It obscures the intellect and gives birth to the most absurd and incoherent fancies; it capacitates a man for business, and renders persistent exertion next to impossible. Yet, strange to say, indigestion is the most neglected of all ailments. And this is the more extraordinary from the fact that an absolute, infallible specific for the disorder can be obtained in every city, town and village of the United States.

HOSTETTER'S STOMACH BITTERS takes as wide a range as the malady which it cures. It pervades every civilized portion of the Western Hemisphere, and its celebrity as a tonic and alterative is everywhere established. It is due to the common sense of the American public to say that the demand for it is immense, and continually on the increase; but still thousands continue to suffer from dyspepsia, with the great fact staring them in the face that a remedy for it exists, as it were, within arms-length of every sufferer. Such is the inconsistency of human nature! Day by day, however, the number of those who manifest this basin indifference to their own health and comfort diminishes, and the time will come, it is confidently believed when the disease will be expelled from the category of prevalent disorders by this incomparable alterative and restorative.

CHRONIC DISEASES OF THE EAR.

In observations and notes taken by Dr. KEYSER, of this city, on the various diseases of the ear, he says that nine out of ten cases could be cured in their incipiency if application were made to some responsible and competent aural surgeon. The Doctor quotes from the opinion of Wilde, a well known aural surgeon, who says: "I fear not to reiterate the assertion which I made on several former occasions, that if the disease of the ear were as well studied or understood by the generality of practitioners, and as early attended to as those of the eye, it would be found that they were just as much within the pale of scientific treatment. * * Deafness is so common and so distressing an infirmity, and when of long standing so incurable, that we cannot too strongly urge all medical practitioners to make themselves familiar with the treatment of the diseases of the ear."

The Doctor says that nearly all annoying Discharges, Buzzings and Morbid Growths peculiar to the organ of the hearing, some of which had lingered through a score or two of years, can be cured or ameliorated by proper treatment.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, September 18, 1868.

Gold was very strong to-day without any material advance; the lowest point touched was 144⅜, from which it advanced to 144⅞. Indications for a further rise are based on the scarcity of gold in making deliveries, and the cheapness of money to carry large lots at a small cost. The war rumors from Europe find little credit.

In Governments the market is dull and inactive for all the new bonds; the Five Twenties of 1862, are higher; also, 1864's. It is found out now that the amounts of old bonds, said to be in transit to be reshipped and exchanged for new bonds are inconsiderable, which accounts for the neglect of the new bonds and the rise in the old ones. The country is very bare of bonds, and a continuance of an easy money market would send up new bonds some two or three per cent. The offerings to sell are limited, and buyers are equally scarce.

The stock market is still higher to-day in New York Central, Reading Pacific mail, North Western Rock Island and Michigan Southern; Cleveland and Pittsburgh is rather lower, Fort Wayne steady, Erie unchanged, Ohio and Mississippi, ¼ per cent. better, and the miscellaneous shares all higher without any demand for stocks; the bulls have it all their own way, putting up quotations and forcing parties to cover at advanced figures. Express shares are less active, and have reacted. The rise in stocks and bonds will culminate the moment the shorts have covered, and a heavy reaction is inevitable.

Business is very quiet—money easy.

Closing quotations as received by Ph. R. —The New York *Commercial* of Thursday says: Money is unchanged. The brokers are paying 6 to 7 per cent. upon a large proportion of their loans, having bridged over 30 and 60 days by time loans at those rates. There is consequently a comparatively nominal demand for money on call, and a considerable amount being held by banks and bankers for demand employment (in expectation of finding other use for it before the close of the month) money on call can be obtained at the moment at easy rates, 3 to 4 per cent. being general. Parties, however, who are paying these rates on call, are at the same time paying 7 per cent. for 60 days, and even 30 days' loans.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, September, 18, 1868.

The general markets are quiet but steady, with a fair local demand, while so far as prices are concerned, there are no important changes.

APPLES—Are coming in more freely, but, as yet, prices are maintained, ranging from $3 to $4 per bbl.

POTATOES—Sales at $1,12 to $1,15 per bushel and $3,25 to $3,30 per bbl. Sweets are in better supply and lower; $6,50 to $7 per barrel.

SEEDS—Flaxseed is in demand, with small sales at $2,40 to $2,45, and a round lot would command $2,50. Timothy Seed continues to arrive freely, though prices are unchanged at $3,50 to $3,75. Cloverseed is nominal.

BUTTER—Is steady, with regular sales of good to prime at 35 to 40c.

EGGS—In limited supply and firm but unchanged at 22 to 23c.

CHEESE—Is unchanged at 15 to 16c for Western Reserve and Hamburgh; 17 to 18c for Factory and Goshen, and 20c for Sweitzer.

HAY—Is firm and tending upward. Sales at Allegheny Diamond Scales of 47 loads at $30 to $39.

CORN HUSKS—Sales at 3½c per lb.

GRAIN—There is but little doing in Wheat, and prices are unchanged at $2,05 to $2,10 for Red, and 3 to 5c higher for White. Oats quiet but steady at 65 to 66c, on track and in elevator, and 68 to 70c, in store. Corn is steady but unchanged; sales of mixed at $1,14 to $1,15, and prime Yellow at $1,17 to $1,18. Rye is exceedingly scarce, and, in the absence of sales, we quote nominally at $1,38 to $1,40. Prime to choice Spring Barley is quotable at $1,95 to $2.

MILL FEED—Is in good supply, and very dull; the mills continue to quote at $1,10 for Bran, $1,30 for Shipstuffs, and $2 for Middlings.

LARD OIL—Is quiet and unchanged at $1,20 for No. 2, and $1,50 for No. 1.

PROVISIONS—Bacon is quiet and unhanged at 14 cts, for Shoulders; 16½ for Ribbed and 18 to 18¼ for Clear Sides, and 21 to 21¾ for Sugar Cured Hams. Lard is unchanged at 20 in tierces, and 22 in kegs. Mess Pork $30,50 to $31.

WHISKY—Is fairly active and firm but unchanged; we continue to quote common rectified per gallon $1,25; half rye and half corn per gallon $1,75; old Monongahela rye, two years old, per gallon $2,25; old Monongahela rye, three years old, per gallon, $3,50; highwines per gallon $1,35.

FLOUR—The demand is only moderate and confined entirely to supplying the immediate wants of the local trade. Prices, however, are unchanged. Fair to choice Spring Wheat brands $9,50 to $10,25. The "Pearl" and "City Mills" continue to quote Extra Family at $10,50 in bbls, and $10,20 in sacks; Double Extra at $11 in bbls, and $10,70, in sacks. Rye Flour, $9.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, September 18, 1868.

CRUDE.

The Crude market was somewhat firmer to-day, and late in the day, holders generally were unwilling to offer immediate delivery below eleven cents, and as will be seen there was one sale made at that figure. October delivery, was also a shade better, a sale having been made a 11¼. It was also rumored that there had been a sale effected at ten and seven-tenths, but we failed to come across either buyer or seller; it may have been sold however early in the day. It is but proper to remark, however, that there was but few buyers at 11c, and we are cognizant of an offer having been made to sell a thousand at that figure late in the day, without finding a buyer. The sales were: 1,000 bbls spot at 11; 1,000 for October seller, at 11¼; 500 on cars at Venango City at $4; 1,000 do at $4,10.

REFINED.

The market for Refined was also considerably firmer to-day, particularly for September delivery, which was held at an advance of from one-half to three quarters of a cent compared with yesterday. In the absence of sales, we quote immediate and the last half of September at 29 to 29½c, and some holders were asking the even thirty cents. The sales were:

The Dangers of Petroleum—A Remedy

The recent frightful disaster on a railroad in Wales, caused by the sudden combustion of petroleum, has directed attention to the means of preventing such accidents in the future. Various plans are suggested in the English papers, and, as usual, there is a great difference of opinion. Incidentally, the question of the transportation of petroleum on shipboard is under discussion. A Paris letter-writer says:

"M. Verstract, a chemist who has occupied himself with a plan for heating the boilers of steam vessels by means of petroleum, has pointed out a means of protecting ships from these terrible disasters: 'The fundamental principle is the same as that upon which he feeds the fireplace of the boilers by means of petroleum. The gases of the oil reservoirs are conducted to the fireplace by a current of air. They are thus utilized, and at the same time the danger of their making their way into the various compartments of the ship is effectually obviated. In like manner M. Verstract proposes to sweep away from time to time, by a current of air, the gases accumulated in ships laden with petroleum, and thus to render their atmosphere inexplosive. At certain hours of the day, by means of a simple ventilator, which a man's arm can set in motion, a quantity of air should be made to pass through the holds of the ship, and should then be expelled into the atmosphere. By this simple manœuvre, which a police regulation might render obligatory in every port upon all ships laden with petroleum, we should avoid great misfortunes, likely to be of very frequent recurrence so long as the authorities shall not have taken precautions against the carelessness and recklessness of sailors.'"

A foreign scientific review has some apposite remarks on the same subject. The cause of fires on board petroleum ships is always the same - the ignition of an atmosphere saturated with carburetted vapors. The writer says: "Petroleum emits, at the ordinary temperature, gases so subtle that they find their way into the best closed places. There, where air alone is supposed to be, an explosive mixture exists. The smallest lighted match sets fire to the gas, which explodes with formidable power. A mechanical effect is produced which upsets and breaks the internal parts of the ship and fills the air with flames. Everything is impregnated with fire, everything burns; those sailors who are not already killed by the explosion are plunged into an ardent brazier and completely enveloped in flames. Sailors accustomed during the whole voyage to the smell of the oil do not generally perceive that the gas is invading their cabins."

Drunkenness in England and France.

A London paper makes a comparison between England and France on the subject of drunkenness. It says that since the time of Henri Meveger and his Bohemians the vice of intoxication has made marked and deplorable strides in France. The prodigious multiplication of beer-shops, and the systemytic adulteration of wine, have, in Paris at least, taught the working classes the pernicious custom of what in England is termed "boozing." A French sot was formerly a monstrosity; the manners of the later day have made the type of the toper a common one. Moreover, the mania—it is nothing less than mania—for the stupefying and nauseous beverage called absinthe has made terrific inroads on the sobriety of the population; and among workmen and soldiers in particular the craving falls little short of the proportions of a pestilence.

England is not, perhaps, the most drunken country in the world, but very few surpass it in proneness to the consumption of the most besotting stimulants. There is more intoxication to be seen in the course of one hour in London, Dublin, Liverpool or Glasgow, than two whole days would disclose in any of the great Atlantic cities. By their fondness for brandy, the Russian peasantry, the Danes and the Swedes, would horrify a temperance lecturer; yet it must be owned that neither in Russia, Denmark nor Sweden are drinking habits productive of the misery, the vice and the crime which are their sure attendants in England. The Germans drink beer from morning till night, and drink a fair proportion of wine and ardent spirits into the bargain; nevertheless, drunkenness is by no means a marked feature in the German character. The English paper from which we quote these remarks adds this inquiry: "How is it, why is it, that the English race should defy all other surrounding races to rival it in the worship of Bacchus?"

Torture in Russia.

M. Emile Andreoli, who took part in the last Polish insurrection, and on his capture by the Russians, was sentenced to twelve years imprisonment in Siberia, has just published in the *Revue Moderne* the first part of his prison recollections. "I was told," he remarks, "that on two or three occasions, an electric battery had been made use of by the Russian police to loosen the tongues of the prisoners who refused to answer the questions put to them, which shows that the Russian government is one of progress, and know how to turn the discoveries of science to account. After all, this was not more cruel than the torture of the herring. I knew several who underwent the latter, and they told me that nothing could compare with the sufferings they endured. They were confined in a well-warmed apartment, salted herrings with bread and water for the first few days being their only food. If they refused to answer the questions of the examining commissioners the bread was first of all withdrawn, and then the water, whereupon the torture of intense thirst commenced, depriving the sufferer of all moral strength, and even making him abandon the resolution which he had formed to die. Very rarely did any one remain mute when brought before the commissioners a second time. The sittings were usually at night, in a splendidly lighted apartment, with refreshments temptingly displayed on the side tables. The president would usually be most gracious. 'By-and-by,' he would say, 'we will, if you like, ask you to have something to drink with us.' The fever and the vertigo caused the prisoners to lose their reason, and they generally yielded. Hunger would not have brought about the same result as thirst, which loosens the tongue even far more readily than drunkenness does."

ABOUT twelve years ago the proprietor of the Mansion House at Rondout erected a building in which to manufacture gas for his own use. Until a short time past it was never doubted that this private house furnished light for the hotel. Suspicions were aroused, however, lately, and resulted in the discovery of a service pipe running from the Mansion House to the street, and which had been supplying gas at the Company's expense for nobody knows how long. No blame rests upon Mr. Lasher, the present landlord, who rents the premises of the landlord, and who is furnished with gas by him, according to the terms of the lease. The latter has been presented by the Gas Company with a bill of $6,000—$5,000 for gas, and the remainder for interest,

The Most Remarkable Swindle on Record.

Yesterday a rural looking lady and gentleman, of Sterling, Cayuga county, called upon one of the Justices of the Peace and expressed a wish to be married. The pair were made man and wife. This morning they re-appeared, and each in turn desired that the proceedings might be annulled. The lady was particularly urgent. She charged that she had been entrapped into marrying the man who stood beside her by a piece of unparalleled deception. She had been corresponding with her cousin in Iowa, whom she had not seen since she was a child, and during the correspondence her relative had wooed and won her affections. He wrote to her that he was coming on here in December to claim her hand and take her to his home in the West. On Monday last the man to whom she was married made his appearance, claimed to be her cousin, said he could not wait until December, etc. On the strength of these representations she had reluctantly consented to wed. She has since learned that the man whom she had married was not her cousin, but a wretch who had secured a wife by base deception. The man acknowledged his culpability, but pleaded in extenuation that the Iowa cousin had read him the letters of his intended; that these influenced him to do as he had done. His conscience smote him so grievously since the accomplishment of his treachery, that he made a full confession to the lady he had shamefully wronged. He had hoped to reconcile her to the fraud, but she would not. He was now willing to make the only amends he knew of, viz: have the marriage contract annulled.

The magistrate suggested that he had not the power to unmarry them. He advised that, as matters had progressed thus far, it would be better for the lady to make the best of a bad bargain, and accept the situation. After a good deal of persuasion on the part of the bridegroom, the lady finally decided to accept the advice of the magistrate, on the assurance that the said bridegroom would "make it all right" with the genuine cousin away off in Iowa. Upon this happy settlement the lady dried her eyes, and the happy pair departed.—*Oswego (N. Y.) Palladium.*

THE Springfield *Republican* says: "The gossips are right at last in making a matrimonial connection for Speaker Colfax. He is 'engaged' to Miss Nellie Wade, a niece of Senator Wade, of Ohio, and one of the family party that accompanied the Speaker on his late trip to the Rocky Mountains. She is a sweet, sensible, accomplished lady of thirty years, an Ohio farmer's daughter, quite worthy the place she has won in the heart of the second man in public life in the nation, and of the position by his side in home and in society she is destined soon to take. Her father, the brother of the Ohio Senator, died several years age, and she spent part of a winter in Washington with her uncle two years since, when the acquaintance began with Mr. Colfax and his family, which has ripened into this interesting relationship, so pleasant for all the Speaker's friends to know, and so promising to his happiness for the future. The Rocky Mountains whispered the sweet secret to the world, and congratulations are echoed back from all quarters to both parties."

SPECIAL NOTICES.

THE APPETITE FOR

Tobacco Destroyed!

Leave off Chewing and Smoking the Poisonous Weed, Tobacco.

One box of ORTON'S PREPARATION IS WARRANTED to destroy the appetite for tobacco in any person, no matter how strong the habit may be. IF IT FAILS IN ANY CASE THE MONEY WILL BE REFUNDED. It is almost impossible to break off from the use of tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted; with the help of the preparation there is not the least trouble. Hundreds have used it who are willing to bear witness to the fact that ORTON'S PREPARATION completely destroys the appetite for tobacco and leaves the person as free from any desire for it as before he commenced its use. It is perfectly safe and harmless in all cases. The Preparation acts directly upon the same glands and secretions affected by tobacco, and through these upon the blood, thoroughly cleansing the poison of tobacco from the system, and thus allaying the unnatural cravings of tobacco.

NO MORE HANKERING FOR TOBACCO AFTER USING ORTON'S PREPARATION! RECOLLECT IT IS WARRANTED. BEWARE OF COUNTERFEITS!

RECOMMENDATIONS.

The following are a few selected from the multitude of recommendations in our possession:

[From W. P. Heald, Esq., Bangor, Me.]

BANGOR, Me., April 24, 1868.

I hereby certify that I have used tobacco for thirty years past, and for the last fifteen years I have used two pounds per month. I have made attempts to leave off at different times. I have left off one year at a time, but always continued to hanker for it until I used Orton's Preparation, which has completely cured me of the appetite for tobacco. I won'd recommend all who are affected with this terrible habit to try the preparation, which will certainly cure it if the directions are followed.

W. P. HEALD.

[From E. W. Adkins, Knoxville, Tenn.]

KNOXVILLE, Tenn., August 5, 1867.

This is to certify that I had used tobacco to such an extent that my health had become greatly impaired, and my whole system deranged and broken down. In June, 1867, I purchased one box of Orton's Preparation, and after using it I found that I was completely cured. I have not had any hankering or desire for tobacco since using the preparation. I believe it to be all that it is recommended, and I would advise all who wish to quit the use of tobacco to try one box of Orton's Preparation.

E. W. ADKINS.

[From John Morrill, Bangor, Me.]

BANGOR, Me., March 24, 1868.

This is to certify that I have used tobacco for eighteen years; have tried many times to leave off, but have suffered so much from a dizziness in my head, and gnawing at my stomach, that I have soon given up the trial. A short time since a friend induced me to try Orton's Preparation (sold by you.) I have done so, and am completely cured. I did not in the least hanker after tobacco, either to smoke or chew, after I began to use the Preparation.

CITY AND SUBURBAN.

Daily Prayer Meeting—From 12 M. to 12:30 o'clock at the Rooms of the Christian Association, No. 23 Fifth street.

Opened.—The paving of Smallman street, in the Twelfth ward, being completed, it is now open to travel from Smith to Taylor streets.

Wrecked.—A coal train on the Pittsburgh and Connellsville Railroad was thrown from the track near Mills' station, yesterday morning, and the engine and several cars were badly wrecked. No person was injured.

Not Found Yet.—The bodies of the three boys, Pare, Neely and Shuster, who were drowned in the Monongahela river on Monday, have not been recovered yet. It is said that six persons of Mr. Neely's family have been drowned or killed during the last two years.

Forcible Detainer.—S. P. Ross made information before the Mayor yesterday, charging Jno. Rebbler and Michael Merrick with forcible detainer. He alleges that the accused took possession of a sh p in West Pittsburgh, of which he holds the title. A warrant was issued.

Resigned.—Officer Thomas Croghan, a very worthy gentleman and one of the most efficient members of the Mayor's police, resigned his position yesterday. If all the police were as faithful, intelligent and well doing as he, there would indeed be a creditable force in this city.

The Temperanceville Presbyterian Church having been enlarged and tastefully remodeled, will be ready for divine worship, Sabbath, Sept. 20, at 3 P. M. The opening sermon will be delivered by Rev. Sylvester Scovel. Sermon in the evening by Rev. S. P. Jennings, Pastor of the Church.

Fine Peaches.—Our thanks are due to Lewis Peterson, Jr., Esq., for a box of remarkably fine peaches kindly sent to us. They were raised on his estate at Rosedale, and are equal to any we have seen competing for premiums—our palate confirms this opinion of our friends' thoughtful kindness.

Gone.—Our esteemed friend Daniel Ferry, Esq., of New Orleans, late of Pittsburgh, was married to one of the fair daughters of this city on Thursday morning. In coming back home from the Crescent City to select a bride, Mr. Ferry showed his good sense and practical judgment. We wish the couple much happiness.

The Fawn.—Two car loads of scenery, costumes, and properties have already arrived at the Opera House, and machinists and carpenters are busy. Marlacchi Barretta and a number of the principal artistes have also arrived in the city and we may expect something really grand in the spectacular and dramatic line for the next two weeks.

Is you would enjoy a fragrant Havana or delicious Cuba cigar drop in at John Megraw's headquarters for tobacco, snuff and cigars, No. 54 Hand street. No where else in the city can you be better pleased, for no where else is the stock larger or finer. A full line of cigar tubes and meerschaum pipes, of the best quality, at most reasonable prices. Dealers who buy to sell again dealt with liberally. s

One or two pretty little poems, the first chapters of a novel which will be a fair one enough if all's well that begins well, the continuation of Marion Harland's "Beechdale," a few short stories of the med um magazine pattern and an excellent miscellany, make up the October number of the *Galaxy*, a magazine which has gained a prominent position amongst the standard periodicals of the time. Altogether, the October number is a fair specimen of its usual style.

Toll Keepers Assaulted.—Mrs. Margaret H. Wallace, wife of the toll keeper at Soho, appeared at the Mayor's office yesterday morning and made information charging Mrs. McAdams with assault and battery. It is alleged that a night or two ago the accused, in company with other women and some men, came through the toll gate, and the whole party violently assaulted deponent and her husband, an aged man. Both were severely injured, the husband so badly that he cannot leave his bed. The defendant was the only one of the assailants who could be identified. A warrant was issued.

Coal Miners' Strike.—Two coal miners named respectively Charles Gumbazear and Charles Bunton, were out on a strike on Wednesday evening, which caused a warrant to be issued yesterday for their arrest by Alderman McMasters. Walkin Watkins, who made the information against them, alleges that while he was returning from his daily toil on the evening in question, they laid in waiting for him and when he arrived at a secluded part of the road, attacked him with a handy-billy, inflicting some very painful bruises upon his body, and he verily believes they would have killed him had he not quickly got out of reach. The parties reside in Shalerville.

Attempted Burglary.

Thursday evening last a man giving his name as John Bell was arrested in C. Ihmson & Son's Glass House, Birmingham, under rather suspicious circumstances. It appears that for the past month three or four persons have been observed loitering around the building in the evenings, and as their conduct was somewhat suspicious, two officers were placed to watch for them. The firm pay their hands every alternate Friday, and it is presumed that these parties were waiting for the money to be collected in the safe, as the attempted raid was made the evening before pay day. About ten o'clock in the evening three men were seen to emerge from a dark alley and go between the buildings. One of them tried to raise a window, but failed and left. A second being more persevering than his accomplice, went to another window and succeeded in raising it, and entered the building, whereupon the officers closed in upon him and captured him. He was taken before Justice Saulsbury, and after a hearing was committed to jail in default of bail for his appearance at Court to answer a charge of burglary.

A Familiar Greeting and its Consequences.

A gentleman who arrived on the Cincinnati express from the east, on Wednesday, lost a diamond ring valued at between $60 and $70, which he will most likely never recover. It happened thus: The gentleman had just stepped off the train and had lighted a cigar, when he was approached by a stranger well dressed, of pleasing address, &c., who familiarly grasped him by the hand and was very glad to see him. Stranger had a cigar which he lighted from that of the gentleman, and turned to have a chat with his particular friend, when, oh horror! he had made a mistake—had taken the gentleman for an old chum; was very sorry he had been so familiar; begged to be excused, and withdrew apparently in much confusion. Shortly afterward the gentleman happened to look at his hand upon one finger of which he wore the valuable gold ring with diamond set. He was startled to find the set gone and upon farther examination discovered that it had been cut out. It was raised very high and held in its place by a band of gold. This band had been severed and one half along with the set taken off. The l ss is rendered more aggravating from the fact of the ring being a present. The gentleman is in search of his familiar but mistaken acquaintance, to find out if he knows anything about the affair. It is quite probable that he has taken his last look upon him of the familiar address.

Fatal Accident.

An accident occurred on the Allegheny Valley Railroad yesterday, resulting in the death of John Bame, a resident of Sarbersville, Butler county. The accident occurred at Coleman's Siding, near Negley's Run, at which place there is a very short curve in the road. The deceased, it appears, was looking for the train, and was standing on the track. His attention being attracted in an opposite direction from that in which the train was approaching, and being deaf, he neither saw nor hear it. The curve in the road is so short that it was impossible for the engineer to see any distance in advance of the train, but as soon as he saw the man he whistled down brakes, reversed the engine and done all he possibly could to save his life, but the distance was so short that it was impossible to stop the train, and the bumper of the engine struck Bame, killing him instantly.

Coroner Clawson was notified and held an inquest on the body, when the jury returned a verdict of accidental death.

Sudden Death.

Mr. John Rice, a well known citizen of the Eighth ward, residing at the corner of Fifth avenue and Pride street, was found dead in his room yesterday afternoon. It appears that the wife of the deceased is in St. Louis and has been absent for some time past, and that he was alone in the house. He slept in a front room on the second floor, immediately over a drug store. The druggist states that he heard a noise in the room about eleven o'clock, which he thinks was made by the deceased falling from bed. He had been drinking to excess for several days previous to his death, and had been unwell from the effects of liquor. Dr. J. M. Balton attended him.

Coronor Clawson held an inquest and from the testimony the jury found that he had come to his death from the effects of excessive drinking.

Assault and Battery.

Peter Daly made information yesterday before Alderman McMasters against Frank Quinn, Sr., for assault and battery. Daly states that he is employed by Jarvis, Halpine & Co., and that Quinn is foreman of the establishment. On Wednesday the son of Quinn married the daughter of Daly, which seems not to have pleased the elder Quinn, who manifested his feelings yesterday by going to the place where Daly was employed and kicking him from about the premises. Daly thought this was rather a harsh way of discharging and consequently made the information as stated, upon which a warrant was issued.

Campaign Equipments.—Pittock, opposite the Postoffice, is prepared to furnish on twelve hours' notice two thousand sets of caps, capes, belts and torches to the Grant clubs of the county at the lowest Eastern prices. It is an object of much importance to the various clubs formed, or being formed, to know that the campaign materials are nearly exhausted in the Eastern cities, and that orders are daily pouring into Pittock's. Delay may prove dangerous, so we advise our friends to hurry along their orders. Pittock has also a large stock of flags, lanterns and general campaign goods which he offers at very low prices.

District Court.

[Before Judge Hampton.]

On the opening of the court yesterday the case of the Ardesco Oil Co. vs. Samuel Richardson and Theodore E. Tack, was taken up. The defendants borrowed an oil tank of thirty thousand barrels capacity from plaintiffs in January, 1866. The understanding was that no rent was to be paid for the use of the tank, but that it was to be returned in good order. Plaintiffs allege that this was not done, and they claim damages. The suit is brought to recover the sum. On trial.

Court of Quarter Sessions.

[Before Judge Sterrett.]

Court met at the usual hour Friday morning and transacted the following business during the session:

In the case of the Com'th vs. Archibald Wasson, indictment larceny, the jury found a verdict of guilty and recommended the prisoner to the extreme mercy of the Court.

Com'th vs. Francis Goodwin; indictment keeping a ferocious dog, on oath of David McKnight. The ferocious character of the dog was not established, and the jury acquitted, requiring the defendant, however, to pay the costs.

Charles F. Finkner, a German, but a few weeks in the country, was placed on trial on an indictment for larceny, on oath of John Doffing. On the 3d inst. a pocket book containing fifty dollars was taken from Doffing while asleep on a porch at the Pennsylvania House, in the Ninth ward. Verdict guilty and recommended to the mercy of the Court.

Jacob Lee was placed on trial on a charge of felonious assault and battery, on oath of Wm. Avery. The parties are colored, and the difficulty occurred on the 4th of July last, at the railroad tunnel near Temperanceville, the defendant drawing a knife and cutting the prosecutor on the arm. The defendant put in a plea of guilty of misdemeanor in unlawfully cutting and wounding the prosecutor.

Commonwealth vs. Charles Hoffman and William Schimmelfennig; indictment aggravated assault and battery, on oath of Jacob Weidler. The prosecutor, Weidler, testified that on the 20th of June the defendants, while driving furiously a horse attached to a buggy on Butler street, Lawrenceville, ran over and seriously injured two children, Catharine Hartz and William Hartz. The case has not been concluded.

How Demagogues Talk to Laboring Men.

The announcement that Hon. Samuel F. Carey, of Cincinnati, would address the Democratic workingmen of Birmingham last evening, drew together about three hundred voters in the Diamond Square of that borough. The meeting organized by calling J. W. Kreps, Esq., to the chair, who, in a very neat and dignified speech, introduced to the audience a braggadocia named Richard Travellick, a shipbuilder, of Detroit, Michigan, who proceeded to speak his piece. How any man could talk for two hours on nothing, about nothing, and to no earthly purpose, we never could discover till this bag of wind punctured himself and let flow a torrent of meaningless words strung together with as much good taste as a child would make its bead and button charm, or a school boy of ten summers put in shape his first composition. Speaking to aid Mr. Burtt, he murdered Burtt's and every other man's grammar, and talked to the intelligent workingmen as though they were illiterate fellows who could not discover the demagoguism and ignorance of himself. He evidently had ransacked the dictionary for high sounding words, and without discrimination arranged them together to counterfeit and pass off his remarks as the true coin of eloquence on men who, for the sake of their enlightened fellow toilers, we trust, saw through the motives of the fellow, and set him down as an interested politician, who, finding favor in neither great party, has shot out to advocate the rights of the laboring classes. We have heard him once and hope to be spared the torture of hearing him again.

Hon. S. F. Carey, of Cincinnati, was the next speaker introduced, and he acquitted himself but little better. He held in his soft white hand a massive gold headed cane, such as it is fashionable for our laboring men to carry, and sported a heavy gold watch and chain which are so characteristic of *our* workingmen's extravagant ideas of personal adornment. He came into their midst a friend and advocate of labor reform; of equal taxation; of the abolishment of national banks; of the equal distribution of public lands; of one universal greenback currency. He was honest in all his acts and votes in Congress; could have made half a million by selling out but wouldn't; he took no stock in either party but loved the mechanic and the laborer. Rich, bloated bondholders of Cincinnati are going to spend half a million of dollars to secure his defeat for Congress, but in spite of all this wealth, and of the opposition of four daily papers, two morning and two evening, he will triumph and again be elected. He wanted somebody with whom he could associate in Congress, and his choice was Burtt, the hard fisted mechanic of Western Pennsylvania. Let him be elected and good times generally will follow throughout the nation. And so spoke Mr. Carey. His speech had little or no effect on his Democratic audience, who stood as immovable as stone when the speaker got off some of the same heavy periods which "sparkled" in the speech of the shipbuilder who had preceded him, (for both traveling together, one had stolen the thunder of the other.) The meeting adjourned and the band played.

The Banner Club.

The contest between the several Grant and Colfax Clubs of the city to be styled the "Banner Club" is quite spirited. The Club of the Seventh and Eighth wards is making a special effort in this direction. The Club held a large and quite enthusiastic meeting last night, when quite a number of names were added to the roll and fifty additional uniforms ordered. The "Marching Phalanx" of the Club are already proficient in company drill, and if they do not carry off the palm at the approaching demonstration we are much mistaken. The more of this spirit we have the greater will be our success. The Club will meet for drill on Monday evening at seven o'clock, when all are requested to bring their uniforms with them to the School House and join in the parade to Minersville to attend a meeting at that place.

Eighth Ward, Allegheny, Grant and Colfax Club.

A large meeting was held at the headquarters of the Eighth Ward, Allegheny, Grant and Colfax Club Thursday evening. The following officers were elected: President—Henry F. Eggers; Vice Presidents—John H. Morrison, John Robertstein, G. P. Wilhelm, George McConnell, George Moul, Lewis Shrimer, E. L. Jones, Robert Porter; Secretaries—H. C. Hayden, H. Minniemyer, Henry Nesmuth. Addresses were made by C. W. Robb and L. P. Stone, Esqs. The proceedings were enlivened by music by the Millvale Glee Club, under Prof. Forgey and by Happell's Brass Band.

Eleventh Ward.

The Republicans of the Eleventh (old Seventh) ward will hold an election this afternoon between the hours of five and seven o'clock to nominate one man for Common Council, as there was a tie vote on last Saturday between Hon. W. C. McCarthy and Dr. A. G. McCandless. As the field is clear for the two above named, we look for a large vote to be polled. The Grant club of this ward will parade this evening. All the Republicans of the ward are earnestly urged to be on hand at the school house at seven o'clock to join in the procession.

On Tuesday Night as some of the Grant and Colfax clubs in Philadelphia were marching home from the great meeting at the Union League, they were attacked on Race street by a crowd of men hurrahing for Seymour and Blair. Bricks and stones were hurled about and a perfect shower of these missiles rained down on the procession from the roofs and windows of the neighboring houses. The members of the Vigilant Engine Company were prominent among the assailants, and rang from their bell a general alarm, in hopes of bringing reinforcements, but instead of that, a strong squad of police marched up, who succeeded in quelling the disturbance and preventing the destruction, by the irate Republicans, of the Vigilant Engine House. Three members of different clubs were severely injured by pistols, knives and bricks, and many other persons were slightly hurt. The same arguments seem thus to be in use in Philadelphia as in Pittsburgh.

Still Another Square Grand.

A magnificent piano was exhibited a few days ago at H. Kleber & Bros. warerooms, and was purchased by one of our prominent and wealthy citizens, Springer Harbaugh, Esq., who resides near East Liberty. It is one of those famous Square Grand Steinway Pianos, than which nothing exists more truly and mechanically grand. There is a *prestige* and an artistic atmosphere about a Steinway Piano which is equally irresistible to the taste of refined persons and the discriminative appreciation of professional men. A few years hence and there will hardly be one amongst the thousands of elegant residences springing up everywhere without its Steinway Piano. Indeed, even now, the well furnished dwelling unable to boast of a "Steinway" in its parlors is looked upon as a rather incomplete affair—a body without its head.

Advice That Should Be Heeded.

We desire to call the attention of the afflicted to the merits of Roback's Blood Pills, a purely vegetable cathartic, free from mercury and all mineral poisons, and undoubtedly the best remedy extant for the radical cure of nervous and sick headache, bilious disorders and all affections of the Liver and Blood. They are, as their name indicates, a *Blood Pill*; they search the blood for disease and strike at the very root, thereby effecting not temporary but permanent cures. As a purgative, they are all that can be desired, being mild and safe in their operation and unquestionably one of our most satisfactory Cathartic Pills, and should be kept in every household, and, when taken in conjunction with Roback's Blood Purifier, are unequalled for curing Scrofula, Skin Disease, Old Sores, Salt Rheum, Dyspepsia, Erysipelas, Tumors, Eruptions, and all diseases arising from a disordered state of the blood or a disorganized state of the system. Try these medicines and you will never regret it. Ask those who have used them, and they will tell you they are the best of medicines. Sold by all druggists everywhere. TTST

The Great Sale Continued.

The great sale of Boots and Shoes, Gaiters, Balmorals, &c., which has been in progress at the well-known and popular Auction House of Smithson & Co., 55 and 57 Fifth avenue, formerly Fifth street, will be continued until the immense stock of those articles have been disposed of. The stock includes Boots, Shoes, Gaiters, Balmorals and Slippers for ladies' misses' gents' and boys' wear, in endless variety. Also a large assortment of Carpets and Dry Goods. Our citizens have already learned the advantage of attending these sales, and it is only necessary for us to call their attention to them. The sales will be unusually heavy to-day.

The Diamond Front.—The citizens of Allegheny are all, doubtless, aware of the many advantages offered to housekeepers and others, who are in want of first-class articles of groceries, at the original Diamond Front, No. 164 Federal street, Allegheny. The large and frequent sales of this establishment prevent the possibility of goods becoming stale on the hands of the firm, consequently customers are always sure of receiving a fresh and first-class article. It is only necessary for those who are not acquainted with these facts to visit the establishment and see for themselves.

To Epicures.—To all that class of persons called epicures who know how to enjoy the good things of this life, the arrival of the oyster season is hailed with delight, and we would take occasion to say to all who are fond of the bivalves, and desire to partake of them where they are prepared in the most palatable manner possible, to call at Holtzheimer's dining rooms. Fifth avenue, next door to the Postoffice. You can get them there in every conceivable style, and can also get anything else usually found in a first class restaurant.

The best and Original Tonic of Iron, Phosphorus and Calisaya, known as Caswell, Mack & Co's Ferro Phosphorated Elixir of Calisaya Bark. Manufactured only by Caswell, Hazard & Co., New York. Sold by all druggists. s

A Public Speaker made a good hit at a Birmingham meeting the other night in suggesting that the Freedmen's Bureau wasn't half so good for keeping clothing as one of the trunks turned out by the Premium Trunk Factory of Joseph Liebler, No. 104 Wood street. Politicians may be divided as to the good qualities of the Freedmen's Bureau, but they all agree that Liebler's trunks are eminently worthy the fame they enjoy. Call in and satisfy yourself on this point.
